## All-In Surrogate Care and Compensation Package

As a **ConceiveAbilities** surrogate, you get to choose customized monthly care packages that arrive every month throughout your surrogacy journey included in your All-In Surrogate Care and Compensation Package.

### Treat Yourself

You are taking care of the surrobabe, let us take care of you. Indulge in some me-time with artisan candles while you relax in a hot tub or with fresh exotic flowers like orchids or birds of paradise that bring your home joy while you prepare your greatest gift of all. And once you have been spoiled, you can focus on your family! We know surrogacy is a family affair, so we've included a movie package with a Redbox free movie rental code and a selection of movie-sized candies, popcorn and kettle corns, and popcorn seasoning. You will be ready to make those family memories.

### Surrogates Get Extra Love

Who doesn't love teddy bears? These adorable stuffies come dressed up in seasonal themes and are super cuddly. Yes, we want you to get extra snuggles throughout your surrogacy journey. You may want to share them with your littles to help them understand what surrogacy is and to commemorate this amazing time in your family's life.

### Eating for Two

Whether you want to indulge your pregnancy cravings or share a special treat with your family, we've got you covered. You can spice it up with salsa, level up with artisan-style jerkies, enjoy authentic New York bagels for breakfast or get fancy with gourmet PB&Js...your choice! And nothing says love like premium seasonal fruits harvested on-demand and express-shipped from award-winning growers around the world. It's like receiving a box of sunshine every month to share with your whole family. Plus, you don't have to go grocery shopping. It's all delivered to your doorstep, leaving you more time to focus on your family.

So how does it work? It's easy. When you become a ConceiveAbilities surrogate, you will complete a questionnaire to choose the perfect monthly gifts for you. Your choice! We know love is in the details and we love to let you know how much we appreciate you. We can't wait to shower you with monthly gifts.

*After hearing the best news of my medical records being accepted, the movie basket was a fun surprise to receive on Friday to share with our kids. Though the gifts are fun along the way, I am so blessed and excited to be part of the bigger gift and blessing."*
